### CERTITUDES

The Earth Infrastructures Limited has created a culture of hassle-free operations & customer satisfaction through :

- Resolving customer issues with utmost attention
- Providing speedy service round the clock
- Developing and delivering state-of-the-art projects with international standards

### BEACON OF TOMORROW

Earth Infrastructures Limited takes care of its CSR responsibilities through various initiatives. Some major ones include:

- Blood Donation
- Swach Bharat Abhiyan
- Eye Care Camps
- Ravi Shankar Camps
- Swantatra Disha Pratibha Awards
- Providing relief at the time of calamities

From the beginning, Earth Infrastructures Limited kept its goals clear and moved ahead with a vision to become the most innovative and trusted brand in the real estate sector. They did an intense research on the market and customer requirements before starting out with state-of-the-art technologies and a grip on the global trends. They zealously innovate continuously with a dedicated focus on delivering at par with the best trends around the globe. Today, they are well known as one of the fastest emerging key players in the Indian real estate landscape, with the Earth Infrastructures Limited owning 50+ offices across the country, 20 million+ sq. ft. space under construction, and with 1,500+ employees and 15,000+ satisfied customers.

Among several feathers in their cap is the fact that the Earth Infrastructures Limited is one of the pioneers of 'Green Building' technology and eco-friendly construction. They are also the founding member of the Indian Green Building Council (IGBC). The green initiative, and innovation and implementation of new technology towards this cause are the goals it has set for itself, and it works zealously towards these goals in all its projects.

As the technology, perception, likings and needs of cities and residents are changing, Earth Infrastructures Limited is adapting itself innovatively and is contributing extensively in changing the skyline of cities in India through its professionalism and wide-ranging experience. It has already carved out a niche for itself by establishing the brand in the Indian real estate sector. The consolidation of its position is assisted by several prestigious awards the company has received so far, including 'The Best Realty Brand (North)', 'Bharat Samman Award', 'Best Debutant Developer Award', 'Excellence Award for Contribution in Indian Real Estate', 'Good Home Award', 'Best Commercial Project of the Year Award' and 'Most Innovative Developer Award'. The awards reflect the achievements and the future trend of the Organization, which is renowned among its partners and competitors

for the professional edge it brings in the management, completion and execution of all its projects.

The Earth Infrastructures Limited offers an assortment of fine products in all classes catering to the diverse residential and commercial needs of its customers, including IT/ITES parks, retail outlets, hotels, farm houses, villas and SEZs, without compromising on the highest levels of professionalism, ethics, quality and customer service. To bring the satisfaction among its clients and to render fierce competition to other real estate companies, it has brought on board world-famous architects such as EiGEN-UK, Cervera & Pioz-Spain, BDP-Netherlands, C P Kukreja, DFA, Sikka Associates, ACPL and N+U Design Studio-Delhi as well as some leading construction companies such as M/s B L Kashyap & Sons Ltd, B R Kohli, Indsao, etc.

The Organization has a dominant leadership position not only in Delhi and the entire NCR region, but it has also offered high-end residential projects in Lucknow, and is planning to spread out across the country with best-in-class international-standard projects. However, the Organization wouldn't just stop here, and strategic planning involves looking and proving its worth beyond the current achievements. Towards this end, the Earth Infrastructures Limited has formally associated with various famous national and international brands from hospitality, retail, IT, FMCG, fashion, adventure & entertainment industries. In addition, the Organization's extensive future plans include venturing into industry-specific real estate development for hospitality, hospitals, education industry, future-ready townships, and infrastructure projects.

When it comes to Earth Infrastructures Limited, the clichéd-yet-apt expression is: "The sky is the limit".

# Earth Infrastructures Limited

Sky is the Limit

Earth Infrastructures Limited started with a unique philosophy to provide the best to the customers in the real estate sector keeping pace with the sustainable development requirements of our country. The company was founded on 22nd April, 2010 as this day is annually celebrated as the Earth Day globally
