# Quality Group Limited

Discover QGL

The QGL Group, now in its fourth decade of business excellence, has been making significant contributions to the economic development of Tanzania, helping in the creation of an empowered and successful nation. With over 50 wholly owned and associate companies, QGL forms one of the Tanzania's premier and diversified business Groups

**Q**GL's Chairman, Mr. Yusuf Manji a leading entrepreneur, spearheaded QGL's rapid growth to its present position of eminence. In keeping with the policies of Tanzania nationals, the Group's contribution to the growth of the private sector continues to be an integral part of its corporate goals.

Currently, QGL produces a variety of products, and many of these products are market leaders in Tanzania and are exported to many countries spanning the Africa continent. With a zeal and passion for providing quality services and products to Tanzania, the Group also represents some of the world's most reputed organizations – many of them are listed in the Fortune 500.

Ensuring it contributes to the overall growth of the nation, QGL covers a wide spectrum of activities including Agriculture, Contracting, Finance and Investments, Fisheries, Foodstuff, Manufacturing, Services, Trading and Agency Representation, and Health.

Today, QGL is looking to increase exports of its products. Seeking new markets and adapting its products to suit these markets will assist QGL in achieving self-reliance. To this end, employment for Tanzania nationals, an area that has always been a priority to the Group, will continue to play a pivotal role in every facet of the Group's growth and development.

#### COMPANIES IN QGL'S PORTFOLIO

**Trading & Representation:** QGL's business partners include some of the well-known names from world over. The trading companies represent a variety of products and services from consumer products to large-scale industrial projects and services. QGL has always believed in going the extra mile, which shows in the relationships that it has built with its partners: some of the associations

have been doing business with them for over four decades!

**Construction & Contracting:** The Construction and Contracting sector serves the industry in a variety of ways. The companies have well-qualified, highly experienced professionals coupled with a sizable work force. This experience, partnered with the requisite plant, equipment, machinery and infrastructure enables QGL to implement turn-key projects.

**Services:** A key sector in Services is Healthcare. The role of the Services sector has been crucial in building many businesses and industries in the country. While growth is the way of life in every sector of business, medical provision has been a focus area to ensure the nation has the best facilities available.

**Manufacturing:** Keeping in perspective the need of the nation, the Group has focused on the manufacturing sector. The products on offer today include high value to the basic consumer products, which are produced in some of the most modern and state-of-the-art facilities conforming to highest international standards.

**Financial Services & Investments:** QGL was an early entrant in the field of Financial Services, a sector which is the backbone of industrial activity and economic growth of any nation. The Group has many companies engaged in investment activities such as minerals, real estate, medical services, etc.
