Ryan International School

Igniting the Flame of Education

Committed towards quality education and holistic development of students, Ryan international School has created a mark in the field of education. In the past 4 decades, Ryan Group has developed students as responsible and talented individuals through their spiritual, value-based, and efficient teaching-learning process

History has been evidence to how good educational institutions can help an individual develop into a resource and become a responsible citizen. Ryan International School has proved it time and again as their quality education has set benchmarks for the students to flourish and achieve greater heights. Ryanites have distinguished themselves in all spheres – Academic (with a large multitude securing admissions into the best higher education institutes like IITs, NITs, Law Colleges, Medical Colleges, etc.) and extra-curricular activities. Ryan Schools are now the most recognized name in K12 Education in India.

Ryan Group established its first school in Mumbai, in the year 1976. Ryan International is now India's biggest privately owned and highly organized chain in the country. The Ryan Schools are the preferred choice for parents, and this has been established through neutral third-party surveys.

Ryan Schools are seen as providing all-round development for children where multiple platforms are provided for students to showcase their talents.

The extraordinary growth of the Ryan Group would not have been possible if the efforts of the management were not inventive and planned. Ryan Schools have a different style of management, and they make sure to not only educate but counsel, nurture and inspire their students so they grow up as confident leaders.

The motto and philosophy of 'Excellence in Education and All-Round Development' drives the group's efforts into achieving the organizational vision. Ryan International has a very devoted faculty, which is well-trained and is backed by efficient infrastructure and Information Technology. One of the essential aspects of studying at Ryan Schools is the strong emphasis on value-based education. As part of this learning philosophy, students are constantly trained to grow up as responsible citizens without a self-centered worldview. To make it happen, a number of community-

based welfare projects are organized in schools. The aim is to nurture talent that has social change close to its heart. As part of the social responsibility campaign, they organize regular awareness drives to promote greater understanding of the environment. To make this process more streamlined, they have introduced special clubs in all their schools for this purpose. Ryan Group has been at the forefront of many plantation and cleanliness drives with active participation from the student, parent and teaching communities.

Thus, Ryan Schools are positioned as affordable, high-quality English medium schools focusing on Excellence in Education and All-Round Development of the children. They have also introduced concepts such as theater festivals and model united nations on a grand scale.

Ryan Schools offer the widest range of curricula including State Board (SSC), ICSE, CBSE, IGCSE and IB.

Ryan Schools are active participants at both national and international levels of events. The Ryan Group was the first in the country to host the International Children's Festival of Performing Arts (ICFPA) and Indian Model United Nations (INMUN). The Group has also organized the prestigious World Scholar's Cup with record-breaking participation, which is now the largest-ever regional round in the history of the World Scholar's Cup. They have collaborated with the sports legends like Bhaichung Bhutia for Football, Mahesh Bhupati for Tennis, Vishwanathan Anand for Chess, and Anil Kumble for Cricket, to give their students the best coaching for sports.

Today, the Ryan Group is one of the most reputed and highly ranked educational institutes of the country. The Group has received 8 Limca Book of Records in diverse categories.

CERTITUDES

- Ryan Schools were the first to adopt activity-based training for early years.
- They were the first schools to adopt the 'no-homework' rule for early years and primary education.

BEACON OF TOMORROW

- Ryan Schools have international student exchange programs with NASA, Iceland, Germany, Canada, France and USA.
- They are the only schools in India to have state-of-the-art TV studios. Students produce software for TV channels and their program Young Journos has completed 250 episodes on Topper TV.
