LEADER IN EXPRESS

TCI-XPS

Leader in Express Delivery

TCI-XPS has three x factors of its express services: xtra fast, xtra safe and xtra reliable. It is a young organization, which sets benchmark for the industry wherein it has set up a customer-oriented, multi-technology, multi-specialist transport system

TCI-XPS is a company with strong and reliable network, and is present in every district of the country. It was established in 1996 as a pan-India door-to-door express Cargo Company. Today, it is specialized in offering time-definite solutions by surface, air and rail cargo to 670 out of 675 districts in India.

It prefers to call its services as solutions, and thus provides its clients solutions with the sole objective to simplify and customize the express cargo distribution. It has a large basket of diverse services, which are city-, customer- and need-specific.

SAFE EXPRESS SERVICE

TCI-XPS offers express solutions with over 3,000 pick-up and 13,000 delivery locations with its fully containerized fleet of vehicles. It offers customized value-added services to meet customers' requirements.

E-COMMERCE

It renders B2C and B2B on multi-modal distribution for optimum on-time delivery with value-added features of COD (cash on delivery). The key value-added features include vendor-to-warehouse and inter-warehouse services, packaging material distribution, warehouse-to-customer services, fulfillment center to last mile, in-city collection services, cash collection services, IT interface with customers, and Sunday and other holiday deliveries.

DOMESTIC AIR EXPRESS SERVICE

It provides round-the-clock services and time-sensitive express deliveries. It delivers in all major metros in 24 hours and mini metros and A-class cities in 48 hours. Its key value-added features in this segment are: door-to-door and door-to-airport

services, airport-to-airport and airport-to-door services, multimode services (a unique combination of air and surface modes), collection on delivery services, octroi clearance services, late pick up and delivery services, and POD in hard and soft copy as per client-specific format.

INTERNATIONAL AIR EXPRESS

TCI XPS provides both commercial and non-commercial services to around 208 countries across the globe, in which it picks up from 3,000 points in India.

PRIORITY EXPRESS

As a special service, TCI-XPS offers priority service in assured door-to-door day-definite delivery services for commercial and non-commercial shipments to metro and non-metro to selective locations backed by money back guarantee at no extra cost. It also offers guaranteed delivery in designated cities.

REVERSE EXPRESS

In the segment of reverse express services, it offers reverse logistics in effective and cost-effective manner. It transports goods from the location of the end-user to the location of the manufacturer. Under this feature, it provides packaging and pick-up services, centralized monitoring and key MIS as per customer needs.

CHOICE OF CUSTOMERS

TCI-XPS believes in organising everything to provide the customers the best experience. Towards this end, it follows well-connected routes for speedy movement of cargo through hub & spoke distribution model.

CERTITUDES

- TCI-XPS moves 2.5% of India's GDP by value.
- It owns 1,000+ fully computerized offices.
- It has a workforce of 6,000+ employees.
- It operates 9,000 trucks per day.
