

UFLEX

A Part of Your Daily Life

Over the last three decades, Uflex has earned an irreproachable reputation defining the contours of the 'Packaging Industry' in India and overseas. Since its inception in 1983, it has turned into a multi- billion company focusing on trust, value creation for customers, quality innovation and customer satisfaction

Uflex has grown from strength to strength with large manufacturing capacities of plastic film and packaging products providing end-to-end solutions to clients across over 140 countries where it enjoys a formidable market presence thereby becoming India's largest flexible packaging company having a global revenue of USD 1 billion.

Uflex enjoys a global reach with unhindered speed making it a truly Indian Multinational. Headquartered in Noida (National Capital Region, New Delhi), it has state-of-the-art manufacturing facilities in India, UAE, Mexico, Poland, Egypt and USA. Uflex today has installed capacity of around 100,000 TPA for packaging. The cumulative installed capacity for plastic films currently is in excess of 337,000 TPA. Uflex serves as one stop shop flexible packaging solution provider cutting across varied sectors spanning USA, Canada, South America, UK, Europe, Russia, CIS countries, South Africa and other African countries, Middle East and the South Asian Countries.

Uflex has a vast production capacity for Polyester chips, Bi-axially Oriented Polyethylene Terephthalate (BOPET), Bi-axially Oriented Polypropylene (BOPP) films, Cast Polypropylene (CPP) films, Printing & Coating Inks, adhesives, facilities for Holography, Metallization & PVDC coating, Gravure Printing Cylinders, Gravure Printing, Lamination and Pouch formation. Uflex stands committed to the industry by providing technical know-how, establishing thought leadership and being the trend-setter in the flexible packaging industry. Being on the edge of innovation, Uflex endeavours to be the first to come up with advanced products that cater to the ever-changing demands of the packaging industry. Integrated within its core business

profile are allied businesses like Engineering, Cylinders, Holography and Chemicals which give Uflex the real superior edge above competition.

The organization is in the process of setting up first of its kind Aseptic Packaging Plant for liquid packaging in Sanand, Gujarat with an investment of approximately INR 580 crores in the first phase. The plant when fully operational will employ around 400 people. 90% of the production from this plant will cater to domestic market. Acknowledging its competitive edge and the strong commitment towards the country's growth story, Uflex has been honoured with 'Make in India' award for Excellence in Flexible Packaging in August 2015.

Uflex's manufacturing facilities enjoy ISO 9001, ISO 14001, HACCP & BRC accreditations. Its products are approved by FDA and BGA. It is also a part of the D&B Global Database and winner of various prestigious national and international awards. FPA and AIMCAL Awards have been conferred upon Uflex on several occasions. To cite a few recent examples, in May 2015, Uflex was conferred with the prestigious DuPont Packaging Innovation Award for its safe pack for packaging building materials. In October 2015 the organization was honoured with the Best Enterprise Award by the Europe Business Assembly on account of exemplary performance in investment attractiveness, sound business reputation, superior quality of product offering and effective use of modern management technologies.
