# MANGAT RAM DAL Mills

## HARVESTING GRAINS OF SUCCESS

Pulses are a staple food in most parts of the world and are healthy, nutritious and easy to cook. Growing pulses also promotes sustainable agriculture, as pulse crops help in decreasing greenhouse gases, increase soil health and use less water than other crops. Processing and supplying the finest quality, adulteration-free pulses for more than five decades, Mangat Ram Dal Mills is a brand unknown to none.

Incorporated in 1965 at New Delhi, Mangat Ram Dal Mills Private Limited, an ISO 9001/2000 certified company, deals in a wide variety of pulses such as Urad Chilka, Urad Sabut, Safed Matar, Urad Dhuli, Moong Dhuli, Desi Chana, Kabuli Chana, Lal Rajma, Safed Lobia, Rajma Chitra, Moong Chilka, Moong Sabut, Masoor Sabut, Masoor Dhuli Dal, Chana Dal, etc.

All Dal products of Mangat Ram Dal Mills are completely natural and farm-fresh, sourced from Indian farms, unlike many other companies which import and then sell packaged Dals.

## ASSURING UNMATCHED QUALITY

In order to ensure supreme quality of its wide assortment, Mangat Ram Dal Mills lays strong emphasis on maintaining clean and tidy environment in its production facilities. Paying special attention to the retention of all natural properties during all the stages of processing, without employing artificial means of coloring or washing and strictly adhering to superior

quality food standards throughout the process, the brand produces a range which is rich in proteins, vitamins, minerals, iron, calcium, complex carbohydrates and fibers. Committed to providing reliable and quality-assured range of pulses, the brand boasts of an ISO 9001:2008 certification. Concentrating all its endeavors to meet all the customer requirements, regulatory as well as statutory, it produces a range of pulses which is of Indian origin and is unparalleled in taste, nutritional content, hygiene level & aroma. Mangat Ram Pulses are the first-ever branded pulses that are not only widely appreciated in the international market but have also developed a wide presence in the domestic wholesale market under some of the popular brand names like Handi, Saat Cross, Tohfa and more.

### MAINTAINING INFRASTRUCTURAL EXCELLENCE

The term 'excellence breeds excellence' aptly describes the infrastructural facility at Mangat Ram Dal Mills which is a significant determinant in production of fine quality pulses. Being well integrated and spread over a large plot area, the infrastructure at Mangat Ram Dal Mills is a striking amalgam of man and machine, incorporating and utilizing advanced milling, processing and other requisite facilities. The brand takes pride

in a sophisticated processing facility outfitted with ultra modern and non-polluting machinery as well as cutting-edge technology and pays due attention towards the regular upgradation of the machines as per the changing technologies in the field of agriculture. It also employs RO Water in order to enhance the nutritional effectiveness of its pulses.

The processing facilities are run under the alert supervision of well-experienced engineers and production supervisors, who ensure that all the processes are carried out in accordance with industry norms. An advanced packaging unit is a feather in the infrastructural facility cap of Mangat Ram Dal Mills, where all the processed pulses are carefully packed by automatic packaging machines with Nitrogen flush, ensuring a longer shelf life. In addition, the facility is empowered with a capacious warehouse to stock the packaged pulses till the time of delivery.
