

POWERFUL

Global Hawk IMAGING & DIAGNOSTICS

SOARING HIGH

Well understanding the fact that diagnosis is an indispensable part of treatment and is its precursor, and a quick and reliable diagnosis facilitates cogent treatment and speedy recovery, Global Hawk Imaging & Diagnostics (GHID) has established itself as a renowned leader in serving the diagnostic needs of umpteen patients, and in providing world-class imaging & diagnostic services at competitive cost.

Established in 2011, the brand has evolved around a unique dual concept

wherein radiology services are facilitated with outsourced expertise through Global Hawk Telemedicine (established in 2008) – the pioneering & only teleradiology service providers of the UAE, recognized by DHA. Flourishing under the sagacious leadership of Dr Nawab Shafi Ul Mulk, the firm has taken a quantum jump bringing radical changes in the healthcare sector of the UAE and has transformed the field of Teleradiology remarkably.

RADIATING TECHNOLOGICAL EXCELLENCE

Basking in the glory of the monumental success of its primary branch in Deira (Dubai), Global Hawk Imaging & Diagnostics has grown rapidly into multiple diagnostic centers with notable acquisition of state-of-the-art radiological technology, housing all major imaging modalities collectively under one roof, including Open and Closed MRI, CT scan, CBCT, 2D, 3D/4D Ultrasound, Digital mammography, Bone Densitometer, as well as top-rated clinical laboratory diagnostic devices. No wonder, GHID has emerged as one of the best & highly

regarded diagnostic centers in Dubai, and as one-stop imaging & diagnostics solutions provider with highest-quality patient-centered care, combining expert diagnosis with top-of-the-range diagnostic modalities, in a popular & convenient manner. GHID is dedicated to collaborating expert, world-class skill with excellent patient care leading to their early recovery.

The patients here are offered the services of the highest-level of professional standards, in a relaxed ambience, with congenial and caring staff, maintaining a trusted and safe scientific approach in conjunction with international-standard clinical & best practice guidelines. Patients are confident of receiving point-to-point individual care, attention and support throughout their visit at GHID.

CUSTOMIZED SOLUTIONS FOR EVERYONE

To enable an imaging experience that is free of financial stress, GHID offers a competitive pricing structure, specially tailored packages and economical MRI options (both closed and open MRI); however, never compromising on quality, it provides international-standard care within the economical comfort of all social sectors through comprehensive inclusions in all major insurance companies, catering to all networks including RN1-RN3. Moreover, GHID's professional team of liaison officers

consistently works on quick approvals to ensure that bookings and appointments are hassle-free with a time flexibility suited to the patients' schedule.

Being a flag bearer of the local culture and family traditions, it promotes a special group of highly qualified Female Radiologists, technical and nursing staff to cater to the aspect of confidentiality and provide counseling to its female patients.

Global Hawk Imaging & Diagnostics is also renowned for prompt delivery of results and in case of urgent studies, the results are conveyed over telephone immediately to the referring physician. Mammography and breast ultrasound results are provided instantly and for all other studies, results are generally faxed to the referring physician within 24 hours of the exam. Thus, quick service is a trend at GSIT, barring exceptions which include some imaging studies where extensive computer time is required and may take a little longer for interpretation.
