

POWERFUL

MURLI KRISHNA PHARMA PVT. LTD.

MAGICAL POTIONS FOR VITALITY

Pharmaceuticals act as a mediator between sickness and wellbeing. While certain drugs assure cure, some others promise health and nutritional benefits, and are an essential part of preventive healthcare, such as vaccines, health supplements, etc. Providing relief to numerous patients who resort to varied medications for alleviating pain & illness and seeking wellbeing, Murli Krishna Pharma Pvt. Ltd. has been effectively addressing the pharmaceutical needs of

the patients since 2004.

Established by Ms. Satya Vadlamani and Dr Vijay K Shastri who were driven by the passion and vision to provide the best possible range of international-quality products at competitive prices through integration, research, innovation, technology & development, the firm has become one of the leading Novel Drug Delivery Systems (NDDS) companies in India and a global leader in pharmaceuticals, providing a range of effective solutions to optimize the delivery of pharmaceutical products, under their quintessential leadership.

FLOURISHING EXPONENTIALLY

Having received manufacturing approval by the European Union & GMP Compliance by the World Health Organization (WHO), Murli Krishna Pharma's plant is equipped to undertake formulation development projects on oral, sterile and liquid NDDS and its R&D facility has been approved by DSIR, Government of India, for innovative

research.

Having a world-class oral solid dosage form manufacturing facility for Pellets, Micro-Pellets and Granules approved by regulatory authorities of developed countries, the firm's magnificent performance has further highlighted its capabilities with a cumulative growth of more than 60% over the last 3 years and a clientele base comprising more than 64 leading international companies.

SETTING BENCHMARKS OF EXCELLENCE

Murli Krishna Pharma Pvt. Ltd. endeavors to establish itself in the field of Novel Drug Delivery System (NDDS) & intends to become one of the leading global research-based Drug Delivery

Companies with an expertise in NDDS, and is constantly striving towards developing and enhancing its intellectual property. The firm is dedicated to achieving the highest levels of quality in everything it attempts, to measure up to the high standards set by the customers – both local & overseas – every time. It has always maintained its delivery of the products as per the set schedules, dedicated to provide excellent quality at a very competitive price, and then has provided world-class products, as a result of which the company has grown rapidly,

blazing trails in the process. Another of its USPs lies in its ability to provide a tailored solution to fulfill the specific needs of its customers in question.

Currently, the firm is spiraling up taking its step towards Nano technology which would be a major breakthrough in the field of NDDS. The main USP of MKPPL is developing Non-Infringing pathways using an aqueous platform and avoiding the usage of solvents completely, has three potential IPRs and is on a supply agreement with one of the leading generics of world. It also develops platform technology and implements it. Today, Murli Krishna Pharma Pvt. Ltd. proudly boasts of more than 34 products with 15 products under development, 200-plus happy customers and has a victorious reach in more than 78 countries. The company owes its peerless triumphs to its loyal customers, agents, employees and well-wishers for their continuous support to convert its ideas into technology and technologies into success and profit.
