

POWERFUL

RUBAN MEMORIAL HOSPITAL

CHANGING INDIA'S MEDICAL LANDSCAPE

With a mission to provide quality healthcare services in Bihar at par with other multispecialty hospitals in metros with a constant and relentless emphasis on quality, excellence in service, compassion and respect for the individual. The hospital is providing comprehensive medical resources under one roof, while maintaining the highest standards of excellence to achieve a stellar reputation of complete care giving.

The brand proudly offers Multi-specialties in diversified amongst various healthcare departments. Each one of them has been painstakingly built with a completely networked facility, designed for maximum convenience to the patients. The motive is to provide the safest most prestigious hospital for everyone in the city.

Ratan Stone Clinic was the foundation's first project to be inaugurated in Nov.1996 by the then Governor of Bihar, his Excellency Dr. A.R. Kidwai at Kankar bagh, Patna. Since then, over 10,000 patients have been successfully treated for kidney and associated ailments through non-invasive methods like lithography and minimum invasive methods like PCNL and Ureteroscopic.

Spurred by the success of the first project, the Foundation launched its second project Ruban Memorial Hospital in May 2000 to commemorate the memory of Dr. Ruban Kumar Singh, son of Col. (Retd.) A. K. Singh Situated in the heart of the City, at South East Gandhi Maidan, Patna. This was a super specialty center of excellence for treatment of Urology, Nephrology and

Gastroenterology including Laparoscopic surgery. Since then we are providing the best possible super specialty care in Patna. Our quality of treatment is recognized by more than 72 corporate sectors of India.

TAKING HEALTHCARE TO ANOTHER LEVEL

The hospital is providing comprehensive medical resources under one roof, while maintaining the highest standards of excellence to achieve a stellar reputation of complete care giving the hospital offers multi-specialties in healthcare in Bihar. Each department has been painstakingly built with a complete network facility, designed for maximum convenience to the patients.

The hospital is equipped over 200 beds that blend modern medical technology and the art of healing. In addition they have Modular Operation Theatres,

ICCU and ICU facilities. It also offers special treatment ranging from Internal Medicine, Cardiology, Emergency Medicine, Nephrology, General Surgery, Neurosurgery, Cardio pulmonary Surgery (Cath Lab), orthopaedics, Laparoscopic Surgery, Gastroenterology, Urology & Andrology, Lithotripsy & Laser Surgery, Renal Transplant, Dialysis, Anesthesia, Critical Care Medicine including all diagnostic facilities. Hospital has own Blood Bank & Physiotherapy unit.

The brand is also planning 350 beds (with potential for more beds) hospital in green field area in suburb of city on National Highway 98 around 16 km from

city center. As all major roads from from all corners of Bihar drain in NH98 , this will be entry point for city of Patna.

This proposed hospital will be built in 3 phases spread in 5 acres land on highway. First phases will have exclusive Child & maternity and general medicine & surgery with emphasis on dealing with high risk pregnancy and all subspecialties for children including behavioral counseling for child and training for “Good Mother” center under one roof. Multispecialty & Multifaculty institute in almost all specialties and also the school of Paramedics.

Ruban hospital serves a large portion of the city population through 5 Modular Operation Theatres, which is the maximum number to be installed in a single hospital in the whole of Eastern India. These modular Operation Theatre’s provide realtime connectivity to a variety of information using state-of-the art technology.

The brand has best trained surgeons to conduct complex & high risk surgeries.
