

Ever since its inception in the year 2002, Panchshil Realty has upheld the vision and mission to dedicate itself to creating spaces that are adept at blending in with the dynamic surroundings alongside maintaining utmost efficiency for its customers.

QUALITY CONSTRUCTION

With the esoteric philosophy of 'creation, not construction', the company has managed to deliver about 21 million sq. ft. of premium real estate, and 20 million sq. ft. under development across multi-level classes.

Renowned nationwide for its outstanding portfolio that spans across various ultrahigh-end projects, Panchshil Realty has received appreciation for residential developments, IT parks, special economic zones (SEZ), built-to-suit office spaces, luxury hotels, luxury retail malls as well as convention centres. The key landmarks of 'Tomorrow's Pune', to which the company owes its success are the country's first Trump branded residency - Trump Towers Pune, Yoo Pune by Philippe Starck and John Hitchcox and EON Free Zone in Kharadi - a 6.5 million sq. ft. IT & IT-eS SEZ. The company's Corporate Real Estate (CRE) portfolio alone accounts to about 11 million sq. ft. thereby making it convenient to accommodate Fortune 500 companies along with several industry leaders

across various sectors.

Also credited to Panchshil's reputation is the International Convention Centre which is South Asia's largest trade and convention centre, World Trade Centre Pune and Panchshil Business Park which is an award winning built-to-suit office campus serving Cummins India.

EXEMPLARY LEADERSHIP

Headquartered in Pune, Panchshil Realty is being led by the exemplary supervision and guidance of its experienced leaders. The profound visionary approach of the management has enabled the company to garner partnerships with global enterprises like YOO, The Trump Organisation, JW Marriott, Oakwood, Hilton, The Ritz-Carlton and the World Trade Centres Associations amongst several others. The company has played an incredulous role in placing Pune on the world map which has in turn added to its remarkably consistent global image.

The 360° approach of the company has been a major influence on its rampant success since it allows for an inclusive work model of the planning, construction and architectural design phases.

Over the years, the brand has become synonymous with supreme quality of execution, innovative solutions, intelligent floor layouts, premium finish as well as after-sales maintenance.
