

POWERFUL

FixDERMA India PRIVATE LIMITED

THE INCREDIBLE RISE OF PHARMACY

In recent years, specialized dermatology brands have been dominating the healthcare sector. These companies are redefining a new segment under the sector. Serving with the loyalty and qualitative range of Formulation, the company is recognized as a prominent name in this industry. The Formulations they produce are highly recommended by the renowned doctors and cosmetologist as active ingredients in cosmeceuticals are expected to be clinically proven to enhance skincare efficacy.

The company runs on the vision and mission to create a skincare brand that would address the vast skincare needs. Quality, Customer Satisfaction, Transparency and Corporate Responsibility are four strong principles that drive the company and form the cornerstone of our approach that we bring to every engagement. The brand touches the lives of many through serving in diverse genres like face care, hair care, body care, mommy care.

WIDENING THE PRODUCT RANGE

FIXDERMA COSMETIC LABORATORIES offers a range of premium products which are scientifically developed and carefully formulated to improve the health and appearance of the skin. FCL offers rational combinations of innovative ingredients to provide the best skincare regimen. All the products are free from synthetic dyes, colours and fragrances, mineral oils, paraben, phthalates and lanolin.

FCL handpicks the most safest and effective ingredients to give the best. The major ingredients adopted for the formulations include L-Ascorbic acid, Alpha Arbutin, Multifruit BSC (a blend of AHAs from various fruit source),

Ferulic Acid & Hyaluronic Acid. FCL provides a complete skin care regimen with formulations to treat indications like skin ageing, acne, dry skin, hyperpigmentation, dandruff and scalp conditions.

UNDERSTANDING INNOVATIONS

Among the most innovative formulations of the company, Active Radiance Complex for men & Intensive Serum for men are two formulations exclusively developed for male skin. These customized formulations are logically

developed to penetrate through the hard male skin and gives desired results. Both the formulations are enriched with active anti-pollutants which counter the environmental ill effects on men's skin.

With the development of T-Shampoo, FCL has disposed away the age old coal tar based psoriasis treatment. T-Shampoo offers a safe & effective psoriasis treatment with Sodium Shale Oil Sulfonate, preventing the patient from the carcinogenic risk of coal tar.

FCL understands the importance of quality products. Discovering the benefits of colloidal oat meal, we have adopted the Ecocert/ Cosmos certified version of colloidal oat meal in the formulation of Oatsilk soap free body wash & Oatsilk body lotion. The formulations are completely sterile and cause no irritation even to the most sensitive skin. Oatsilk soap free body wash & Oatsilk body lotion are revolutionary products for conditions like sensitive skin, psoriasis, itchy dry skin & scaly skin, as they are safe and effective alternatives to soap and harsh chemical based formulations.
