

ICONIC

ZABEEL STABLES

PICTURESQUE PRISTINE PLENARY

Under the phenomenal leadership of Mr. Satish Seemar, perfection is what Zabeel Stables strives for, as they train and create success stories by embellishing Racing Horse stars that outshine others. Zabeel Stables is one of the high-end stables of the world with unmatched equestrian facilities, and is renowned as a dream maker that helps one live the sport in style.

Established in the year 1992 Zabeel Stables has not only arisen as a landmark of the UAE racing world, but with around 120 horses in training it is also home to the finest racing horses of the world. Extravagance is defined here as the stables are complimented by unique surroundings, open space, tranquility, and serene picturesque environment all of which help the all-round development and blooming of horses both mentally and physically. It is like a place of Elysium where almost a dream-like ambience is created for the comfort and training of the horses and they are given a feel that they are top priority.

PRIZED POSSESSIONS

An enormous area of 200 acres plus, more than a hundred state-of-the-art air conditioners, with rubber flooring, which is a safety feature for all horses, Zabeel Stables is well equipped with the best accommodation and training ground for the racing horses. They have private training tracks, and a sand surface 1800 metres long, which can be converted into both dirt tracks and artificial surfaces. It is well equipped with two riding arenas, a 100 m long equine pool, an equine spa, a treadmill and a horse walker. Further, 10 turnout paddocks are used daily during summers, and they also have their own quarantine facilities.

Under the hawk-eyed precision of their

CEO Mr. Satish Seemar each horse is seen as unique and assessed individually once it is at the Zabeel Stables, as its specific traits are studied and a relationship of understanding is formed keeping its likes and dislikes in mind and its feeding habits. Proficient riders are chosen according to the nature of the horse and the most suitable congruous duos are put together, which evidently gives rise to a relation of purity, love, and compassion among the rider, the owner, and the horse.

SATISH SEEMAR

DESTINATION DUBAI

Dubai is known for its opulence and luxurious styles, and is also famous for racing where prize money and yields are the second highest in the world. His Highness Sheikh Mohammed bin Rashid Al Maktoum, the ruler of Dubai, has a great passion for horses, and has offered highly subsidized training fees for Race Horses in order to make it affordable for people who love the sport. Until recently Zabeel Stables was the private racehorse training centre for the Maktoum family only, but now with the popularity of Emirates' racing escalating, it has now opened the doors to accept select horses owned by distinguished people.

The Dubai World Cup is the centrifugal attraction that draws the world's best horses to participate in the racing competition with mind-boggling prize money, and some star attractors of Zabeel Stables that have been Dubai World Cup contenders include Godolphin Mile and ReynaldotheWizard.

Zabeel Stables and Mr. Satish Seemar have been variously felicitated and supported by Her Majesty The Queen and Her Highness Sheikhha Hassa bint Mohammed bin Rashid Al Maktoum.

QUANTUM LEAPS
