

ICONIC

JAGRAN Social Welfare Society

PHENOMENAL AND NONPAREIL

Jagran Social Welfare Society, Bhopal is promoted by Shri Hari Mohan Gupta along with the other members of the Society with the ideology and thoughts of its inspiration and fatherly figure Late Shri Guru Dev Gupta in the year 1997. The primary objective of the Society is to develop and propagate educational programs by the way of establishing progressive schools, colleges, universities or other educational institutions in India which will be open to all without any

distinction of race, caste or creed and other social welfare objectives of the community.

In the last 16 years of its operations, the Society has carved a niche in the state of Madhya Pradesh for itself and has set new benchmarks by providing quality education to more than 35,000 students since its inception. The Society is focused on making quality education more accessible and affordable so that many more students can pursue their dream of excellence.

DISSEMINATING VALUES AND RIGHTEOUSNESS

Jagran Social Welfare Society thinks of education as the means of developing greatest abilities, which allows communities to benefit from it and aids in the strengthening of the nation. The Society is dedicated towards creating an ecosystem where students' absolute character is moulded with the value of knowledge instilled in their minds. This objective is being achieved by operating 3 branches of Delhi Public School under the aegis of Delhi Public School Society, New Delhi. Out of these 3 schools, 2 are

run in Bhopal and 1 in Indore.

Further, the Society ventured into higher education in 2009 by establishing two institutions of distinction. Moving forward in 2013, Jagran Lakecity University (JLU) came into existence which is approved by the Government of Madhya Pradesh and University Grants Commission, Govt. of India. The University follows the similar learning pedagogy practiced in other institutions of JSWS to create the same impact on University-level students. Moreover, the career-oriented degrees offered at JLU lay emphasis on global perspectives so that students can access the coveted opportunities on international platform.

NATION & HUMANITY FIRST

With the goal of well-being of the entire humanity at the core of its philosophies, Jagran Social Welfare Society develops knowledge with compassion, love and

morality. The Society acts with integrity to create constant value sustainability of the same. It has contributed sensitively and sensibly towards the growth of Society and exerts with passion to build a foundation for the leaders of tomorrow.

Believing that the nation and society prosper when the students succeed, Jagran Social Welfare Society is spreading higher standards of education from Nursery to PhD and helping the youth of the country to realize their dreams and contribute towards the economic and social development of the country.

GIVING BACK TO THE COMMUNITY

Jagran Social Welfare Society, driven by its core values to impart education to all sections of society established “Shiksha Kendras” which nurture its mission to kindle the light of literacy for less-fortunate children living in slums and orphanages. The Society believes that education is the basic right of every human being and to spread quality education is the moral duty of every citizen.

Shiksha Kendras are an integral part of JSWS and is a platform through which the Society aims to provide education to underprivileged children to learn, explore and experiment, thus helping them to evolve as responsible, confident and self-reliant individuals who can prove to be an asset to the nation.
