

POWERFUL

# ASIAN EDUCATION GROUP

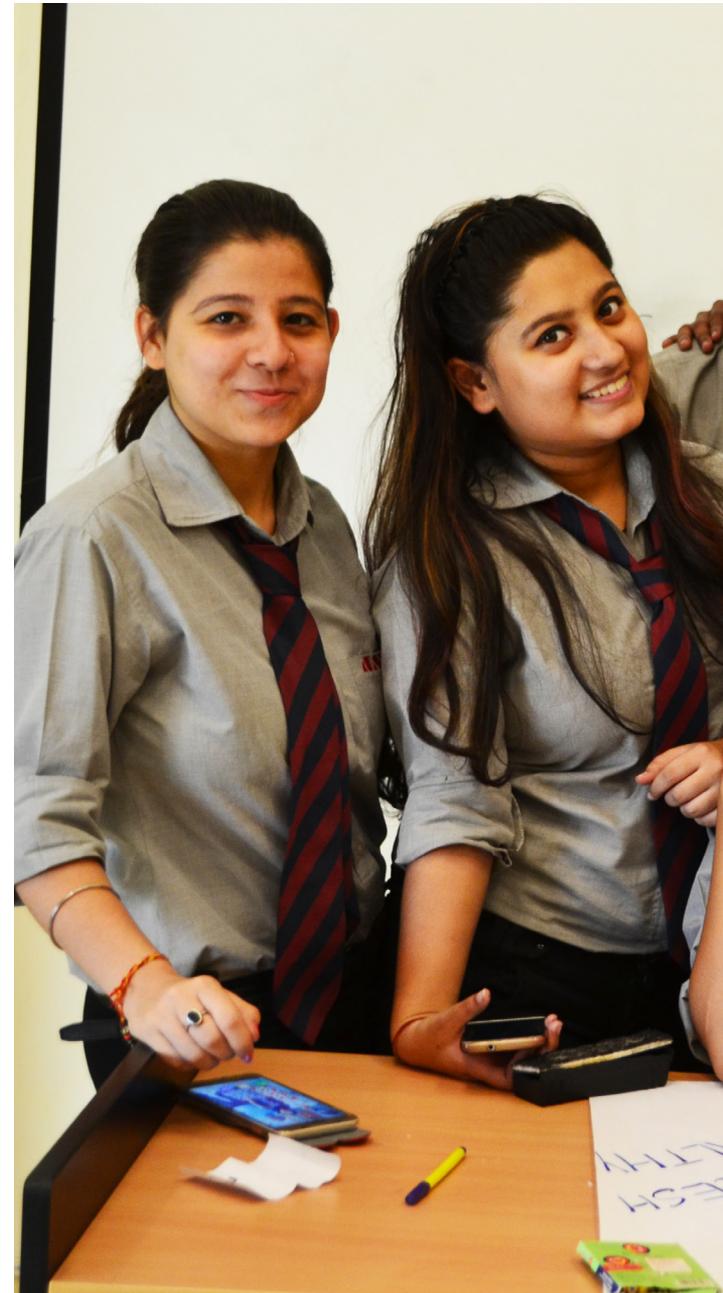

## SAGA OF SUCCESS

Asian Education Group enjoys the distinction of being a trusted name in the education industry and is an off shoot of the renowned Marwah Studios. The Group is an all-encompassing umbrella for various institutes that include Asian Business School, Asian School of Business and Asian Law College. It is a matter of great pride for the Group that it has taken the glorious legacy of Marwah Studios ahead and has grown manifolds in record time.

Education is like a garland which has different flowers denoting different streams and subjects. It is indeed true that Asian Education Group has offered different dimensions to education with Asian Business School offering the prestigious PGDM program, Asian School of Business offering BBA and BCA; and Asian Law College offering B.A.LL.B and LL.B programs. The Group not only imparts professional and technical skills to the students, but it also aims at their all round development as 'Growth with Education' is its vision and it has been efficiently living up to it.

## CRAFTING CAREERS

The sprawling campus is the launch pad for thousands of young ignited minds with multifarious programs for transforming dreams into reality. There are various modules and capsules for up-gradation of the students so that they are well prepared for achieving success in their future endeavors. The highly proficient faculty not only guides and prepares the

students in domain knowledge making them well-versed in their respective specializations, but also develop them into global citizens.

It is a widely acknowledged fact that Skill Development is the core of all wisdom, pragmatic as well as theoretical knowledge. The primary responsibility of an institution lies in imparting the right skill set to the students for competence in a specific stream and area of interest. A unique and popular feature of this institution is 'Centre for Skill Development' – a department which caters to impart skills and competency to the young aspiring managers, lawyers and technocrats and aims at mapping the individual growth on a variety of parameters and creates mirrors which would further facilitate the Individual

Development Plan.

Asian Education Group believes in transforming students into well groomed and proficient professionals and with its concerted efforts, it is steadily reaching the zenith of success and paving the path of the nation of becoming a hub of skilled human resources.

### WINGS OF IMAGINATION

Under the quintessential leadership of the Chairman Prof. Sandeep Marwah

– who has been awarded as the Global Peace Ambassador by British Parliament, London, & has represented India on the film jury board at Budapest film Festival; Hungary, Mons Film Festival; Belgium, International Cairo Film Festival; Egypt, Gdansk Film Festival; Poland and many others & – the institute is consistently setting up new benchmarks of success. No wonder, it offers 42 different UGC-approved Degrees & Diploma Media courses with a brigade of 17,000 media professionals from 120 countries. Moreover, the prodigies of Asian Education Group acquire wings of creativity & success through the painstaking efforts of the institute & their glorious & golden success stories are a pulsating factor for the new entrants & provide them with a lot of motivation and grit to be successful in their prospective pursuits. The institute takes pride in its students and their ability to prove themselves in national and international arena.
