

NMC Healthcare has earned the distinction of being the first company from Abu Dhabi to be listed on the London Stock Exchange and has now become a cream of the crop by securing a place among the premium FTSE 100 Index, a group of top 100 blue-chip companies with the highest market capitalization. Moreover, through years of consistent hard work, dedication, commitment and innovation, NMC Healthcare's planned acquisitions together with its heritage establishments have successfully filled the service gap in the healthcare delivery process to offer an entire gamut of healthcare services to patients.

PROVIDING QUALITY HEALTHCARE SERVICES

In line with its mission to bring in advanced healthcare services, the company is exploring novel business opportunities with compatible allies in the UAE region and abroad. With the continued trust and support of people, the company is convinced of seizing emerging opportunities and attaining bigger milestones in the coming years. NMC attributes its success to the earnestness and dedication of its people, which have helped it grow and flourish over the years.

SERVING ONE & ALL

Set up by the renowned Indian entrepreneur Mr. B.R. Shetty the 1970s, NMC Healthcare has progressively grown from a modest business selling simple medical supplies to a giant universal healthcare supplier; getting higher and bigger in the UAE and the global markets.

Divided into two verticals – Healthcare, including multi-specialty, operations & management, long-term & home care, maternity and fertility, and Product

New Medical Centre (NMC), established in 1974 as a small clinic and pharmacy in Abu Dhabi, has today grown to be the largest private healthcare company in the UAE and currently recognized among the leading global fertility service providers — all due to its customized care, true concern and an earnest pledge to ensure the overall well-being of people

Distribution, including products and consumables – NMC Healthcare has focused heavily on delivering maximum value with a growth strategy focusing upon capacity and capability to achieve better margins and differentiated revenue channels setting a solid platform for continued and sustained growth.

At a time when healthcare services are becoming exorbitant and out of reach for

the people, NMC Healthcare strives hard to offer best quality services that are reasonably priced to cater to the diverse medical needs of patients who arrive for treatment from different parts of the world.

Led by a seasoned group of healthcare professionals, NMC Healthcare is poised to sustain its leadership position and to develop an even wider market presence.

Today, NMC has a well-

created ecosystem in place to promote a robust, interconnected, and an integrated healthcare network spanning numerous vertical and brands, combined with the cluster-based management approach to aid the process of centralization of key services, and with the scalability and flexibility to expand business operations in the offing. With a dedicated team of more than 2,000 doctors and 20,000 paramedical and support staff, NMC successfully owns and manages over 200 healthcare facilities.

Every year, over 8.5 million patients from UAE, Saudi Arabia, Kuwait, Oman, United Kingdom, Spain, Italy, Denmark, Egypt, and Brazil get treated at NMC.
