

HOSAF GROUP

ENERGISING A NATION'S FUTURE

Hosaf Group is one of Bangladesh's renowned private business conglomerates, known for its remarkable contributions to the nation's industrial and economic development. From manufacturing and energy to real estate and technology, the group's success story reflects decades of persistence, innovation, and dedication to national growth and community welfare

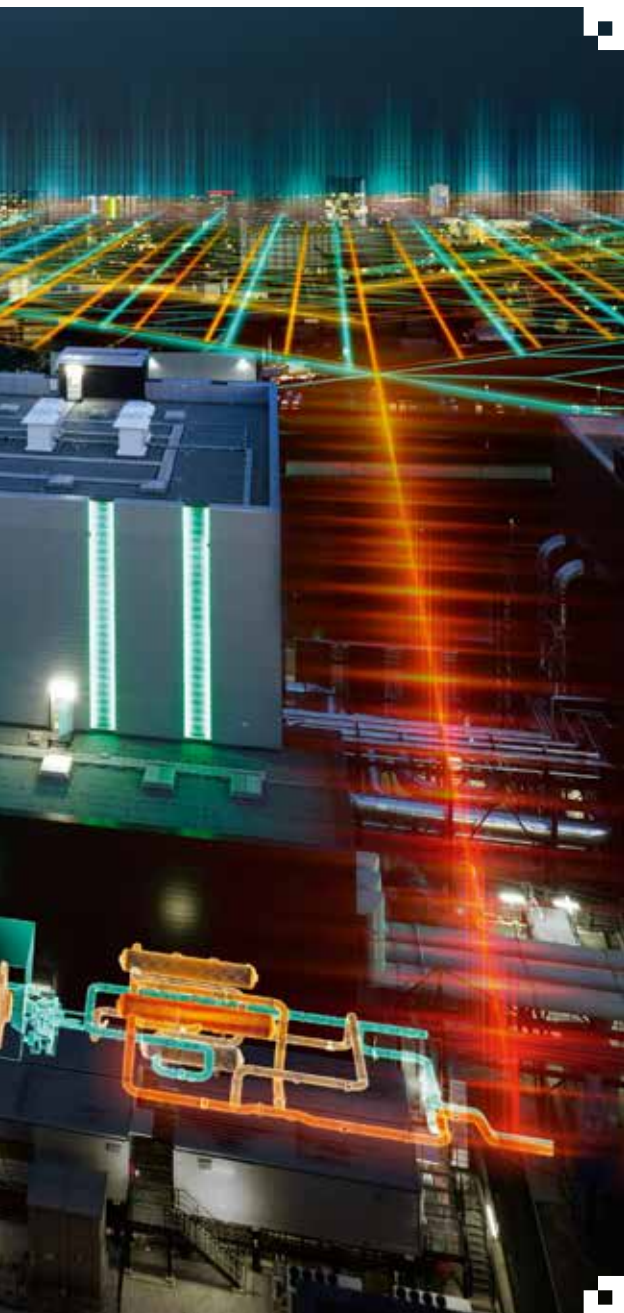

Founded under the dynamic leadership of its Chairman, Mr. Moazzam Hossain, Hosaf Group began its journey to build industries that serve people, strengthen infrastructure, and drive sustainable development. The Group has evolved from a small enterprise into a diversified conglomerate with over five business units, each recognised for its operational excellence. The conglomerate thrives in power generation and real estate, driven by integrity, excellence, innovation, and a commitment to progress.

EXPANDING ACROSS SECTORS

Hosaf Group aims to be among the most respected business institutions

in Bangladesh. With around 500 skilled professionals, it operates across key sectors, including energy, manufacturing, real estate, mining, and education, thus playing a crucial role in Bangladesh's journey toward sustainable development. Every venture under its umbrella reflects a careful balance of business ambition and social responsibility.

Energyprima Limited, a key subsidiary of Hosaf Group, is a pioneer in private-sector rental power generation in Bangladesh. Established to meet growing energy needs, it leverages advanced technology to supply reliable electricity. Its subsidiary, HF Power Limited, addresses the country's power shortage by operating an Independent Power Producer Plant

in Noakhali and delivering 113 MW to the national grid and supporting Bangladesh's vision of universal electricity access.

Likewise, Hosaf Meter Industry plays a crucial role in Bangladesh's energy sector by producing high-quality electric meters. Established in collaboration with Chinese experts, the company employs state-of-the-art machinery and skilled engineers to manufacture products known for reliability, precision, and affordability.

Hosaf Group's real estate arm, Citylink Apartment Limited, focuses on modern, sustainable living and commercial infrastructure, with developments including Hosaf Tower, a 14-storied corporate headquarters and Hosaf Skyline, another 21-storied building which will be the

future corporate office both in Mohakhali; Hosaf Malibagh Complex, a 16-storied commercial and shopping hub with the Hosaf Convention Centre capable of hosting 2,500 guests; and Citylink Apartments, a premium six-storied residential project in Dhanmondi, Dhaka. Each property reflects meticulous attention to detail high-quality construction, and customer comfort.

Additionally, Hosaf Group has been making waves in mining and exploration projects. Hosaf International Limited, established in 1994, operates in coal exploration and development, with the Khalashpir Coal Mine Project in Rangpur exemplifying its contribution to national energy resources. Spanning 25 square kilometres, the project aims to produce millions of tons of coal, supporting electricity generation and economic growth. In collaboration with Chinese experts, the company conducted feasibility studies and plans to produce 1 million tonnes of coal by the fifth year, doubling output by the seventh, while generating 500 MW of electricity to support Bangladesh's energy independence.

The Hosaf Green Bricks Limited specialises in eco-friendly construction. It produces non-fired concrete bricks, blocks, and tiles. These sustainable products save fertile land, reduce construction costs, and support government initiatives, and effectively meet the growing demand for green and environmentally responsible building materials.

Hosaf Group has also expanded into the food and beverage sector with City Mart

Limited, which runs the popular dining destination At The Table. The venue offers a wide variety of cuisines, a dedicated kids' zone, and ample parking, thereby providing families and food enthusiasts with a complete and enjoyable leisure experience in the heart of Dhaka.

GIVING BACK TO SOCIETY

Hosaf Group actively engages in philanthropic initiatives with a strong focus on education and community development. It has established institutions such as Bokter Munshi Moazzam Hossain High School and Bhor Bazar Belayet Hossain High School in Feni, providing quality education and improved infrastructure for students. The Group also awards scholarships to meritorious students, encouraging academic excellence. In addition, Hosaf Group supports holistic community engagement through extracurricular activities, sports, and cultural initiatives, including sponsorship of the Hosaf President Cup Golf Tournaments, promoting talent, healthy competition, and overall well-being.

A SUSTAINABILITY CHAMPION

A sustainability champion, Hosaf Group is dedicated to achieving sustainable growth through excellence in every product and service it delivers. With a strong focus on creating lasting value, the Group, under the direction of Mr. Moazzam Hossain, ensures that each initiative is aligned with long-term national priorities and global development goals.
