

Kansai Plascon's product philosophy is driven by quality, responsibility, and purposeful innovation. Every solution is created with a clear focus on performance, safety, and environmental care. This approach is reflected across all its core business sectors.

Kansai Plascon's Decorative Coatings are designed to improve daily life through innovation. From washable and stain-resistant paints to scratch-resistant and eco-friendly options, the company delivers solutions that are safe, sustainable, and high performing. Its products are developed to enhance well-being while maintaining exceptional durability. By prioritising low VOC content and lead-free formulations, the brand ensures its paints are environmentally responsible. Each launch introduces new improvements that support a sustainable future, reflecting the company's ongoing commitment to advancing industry standards.

Kansai Plascon's Industrial Coatings meet diverse needs across manufacturing and infrastructure sectors. Designed for durability and corrosion resistance, these coatings also adhere to strict environmental standards. The company implements advanced processes to reduce carbon emissions, water usage, and waste production while maintaining superior product performance. Every batch is developed with precision to handle extreme conditions and meet client-specific requirements, making Kansai Plascon a trusted partner for industries that demand both reliability and responsibility.

In the automotive sector, the brand provides coatings that ensure rust prevention, longevity, and vibrant colour retention. Through collaboration and on-site technical support, it helps partners reduce life cycle costs while maintaining high quality. The products are formulated to endure rigorous operational conditions, providing both aesthetic and functional

KANSAI PLASCON UGANDA LTD.

PERFORMANCE WITH ENVIRONMENTAL CARE

With over 130 years of expertise in paints and coatings, Kansai Plascon Uganda Ltd. has earned a trusted reputation across Africa. Apart from creating high-quality products for Industrial, Automotive, and Decorative sectors, the company makes a meaningful difference in the communities where it operates

benefits. By integrating sustainability into every step of production, Kansai Plascon demonstrates that environmental responsibility can coexist with industry-leading performance.

COMMITMENT TO SUSTAINABILITY

Green is not just a colour but a guiding principle for Kansai Plascon. Sustainability is embedded in the company's operations, with ISO 9001, ISO 14001 and ISO 45001 certified management systems implemented across its production facilities in Uganda. It actively reduces electricity and water consumption while implementing environmentally considerate manufacturing processes. Its Green Handbook showcases a comprehensive approach to eco-friendly solutions, covering compliance, sustainability, and production. By consistently innovating in green coatings, it ensures the future remains environmentally responsible.

GIVING BACK TO SOCIETY

Kansai Plascon invests significantly in social initiatives, particularly education, healthcare, and culture. It supports underprivileged schools, hospitals, and religious and cultural institutes by improving infrastructure and providing learning resources. Most notably, in 2025, the organisation contributed funds to send 100 children to India for heart surgeries.

GARNERING ACCOLADES

Kansai Plascon Uganda has earned multiple prestigious accolades, including the MEA Business Awards 2024, Best Paint & Coatings Manufacturer at the People's Choice Awards 2024, recognition for Environmental Sustainability by NEMA, and Best Paints & Coatings Brand – East Africa 2025 at the MEA Markets Excellence Award. These honours reflect the organisation's dedication to quality, innovation, and sustainability across the continent.
